Computer Information Systems Work Experience

Entrepreneur Project – "NetDoodler"   **May 2016 - Ongoing**

• *NetDoodler is a self-inspired brand in order to attract clients and recruit business partners to form a small development team for freelance web design.*

• *Focus will be on small businesses success. This will include the mastery of SEO techniques, developing unique web design stratagems derived from Google Analytics, and discovering terrific plugins for business features at the lowest costs in order to help small businesses succeed.*

• *In addition to finding clientele, my current work includes building custom themes that are CMS compatible (WordPress) specialized with small businesses in mind. These themes are planned to be sold under the NetDoodler name in virtual shopping carts as downloads. As additional customer incentive, these themes will eventually be free to customers who hire NetDoodler to do their web designs.*

USDA APHIS Web Developer (Intern)   **August 2015 – May 2016**

• *Both backend and frontend development building responsive, dynamically called PHP pages through server calls and queries*

• *Assisted in recovering a failing project entitled "Beemites ID" that should be going live soon on idtools.org*

• *Assisted on maintaining an administrator portal for idtools.org called factsheet manager which uses a PHP/MVC backend system (Yii framework)*

Web Data Gathering – Object Oriented Systems, CSU   **May 2014**

• *Created using Java, this software automatically shifts through a series of web pages (such as EBay), and gathers metrics which can be used for various purposes*

• *Through use of regular expressions, this software searches through HTML tags and extracts the strings from desired fields and stores them as multi-dimensional arrays*

Additional Work Experience

Music Teacher at Hourglass - Fort Collins, CO   **January 2009 - Current**

• *Management responsibilities such as financial handling and charge rates*

• *Coordinated work schedules and payrates to increase revenue by 133%*
